Go Pro Wildlife Removal
GO WITH THE PROS

PROFESSIONAL, EXPERIENCED, QUALITY WILDLIFE REMOVAL, CONTROL AND EXCLUSION SERVICES **FOR COMMERCIAL FACILITIES**

COMMON WILDLIFE ISSUES

Go Pro Wildlife Removal understands the value in having peace of mind that your facility is free of wildlife issues. Bats, squirrels, raccoons and other wildlife often seek shelter in commercial buildings, leading to health risks for employees and customers, operational headaches and compliance issues that can lead to costly shutdowns. Go Pro Wildlife Removal works directly with facility operators and business owners across East Alabama and West Georgia to provide **flexible inspections** and **proactive wildlife protection plans** that work around each facility's schedule and budget.

COMMERCIAL FACILITY SERVICES

FREE INSPECTIONS

Free, comprehensive inspections to identify wildlife points-of-entry, root cause concerns and damage. After inspection, you will receive a detailed estimate that includes essential work and our recommendations to avoid future problems.

WILDLIFE REMOVAL EXCLUSIONS

Tailored removal approach using methods like infrared cellular cameras to identify wildlife, one-way doors and cones or monitored traps to assist with removal. These strategies ensure effective and humane wildlife control while minimizing harm to the animals involved.

WILDLIFE TRAPPING & DETERRENT INSTALLATION

Go Pro Wildlife Removal's licensed professionals will remove and relocate wildlife with expert trapping technique and ensure they cannot come back using preventive solutions.

DAMAGE REPAIRS & REMEDIATION

To ensure the facility is fully operational, we offer wildlife waste removal, sanitation and deodorization, replacement of soiled insulation with new, clean insulation to eliminate hidden waste and odor, and replacement and repairs to soffits, fascia boards and other wildlife entry points.
